

## Confined Space Identification

Date:	Location:	Assessed by:
CSI#:	CS Permit #:	Signature:

### Description of Space:

---

---

#### Restricted Space Checklist ✓

- The space is enclosed or partially enclosed.
- The space is NOT designed for continuous human occupancy.
- There is limited or restricted means for entry or exit that may complicate the provision of first aid, rescuer or other emergency service.
- The space is large enough for a person to enter.

---

**Four checked boxes** in this section means the space is a **Restricted Space**.

---

Work in *Restricted Spaces* requires a *Safe Work Plan* and a *Designated Attendant*.

---

Complete the *Confined Space Criteria* section.

#### Confined Space Checklist ✓

- The space contains or may develop a hazardous atmosphere.
- There are conditions, work or circumstances with the potential for injury or illness.
- Hazardous Energy Control procedures are required for a safe entry.
- Entrapment or engulfment hazards exist or are possible.

---

**Any checked boxes** in this section means the space is a **Permit-Required Confined Space**.

---

Is this a Permit-Required Confined Space?

- NO  
Complete a ***Safe Work Plan***; appoint a  
***Designated Attendant***
- YES  
Conduct a ***Confined Space Hazard  
Assessment***

As per Hazard Assessment, the space has a Risk Rating of: \_\_\_\_\_

---

Entry into Confined Spaces requires (at a minimum): a Confined Space Permit, space-specific hazard assessment, pre-entry testing, a space-specific SWP and Emergency Response Plan.
