

# Worksite Orientation

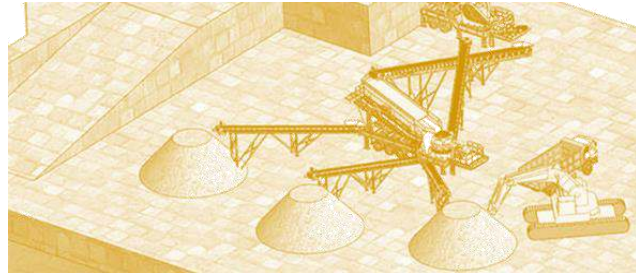

Worker: \_\_\_\_\_

Hire date: \_\_\_\_\_

Position: \_\_\_\_\_

Orientation date: \_\_\_\_\_

Supervisor: \_\_\_\_\_

As a new worker, you need to be familiar with crusher operations and hazards prior to working at the job site. Your supervisor is responsible for this ensuring you get the training and orientation you need.

Check the items with which you are familiar or have received orientation from your supervisor.

Are you familiar with? ✓	Are you familiar with? ✓	Are you familiar with? ✓
Location of PPE Storage <input type="checkbox"/>	<b>Conveyors</b>	<b>Fuel procedure</b>
<b>First Aid</b>	Tail Spools <input type="checkbox"/>	Never Leave Nozzle unattended <input type="checkbox"/>
Location of first aid kits <input type="checkbox"/>	Return rollers <input type="checkbox"/>	Spill kit locations <input type="checkbox"/>
Tell foreman what's been used out of kit <input type="checkbox"/>	Falling debris <input type="checkbox"/>	Fuel recording (record fuel used) <input type="checkbox"/>
Location of eyewash stations <input type="checkbox"/>	Guarding (IF REMOVED, REPLACE!!) <input type="checkbox"/>	<b>Equipment Parking</b>
Location of SDS books <input type="checkbox"/>	Tracking Procedure <input type="checkbox"/>	Designated parking area <input type="checkbox"/>
Emergency response Plan Signed and Reviewed <input type="checkbox"/>	Buildup of material <input type="checkbox"/>	Parking Procedure ( back in parking only) <input type="checkbox"/>
Muster point <input type="checkbox"/>	Maintenance (what to look for) <input type="checkbox"/>	Use spotters <input type="checkbox"/>
<b>Fire Extinguishers</b>	<b>Communication</b>	<b>Crushers Only</b>
Fire Extinguishers locations <input type="checkbox"/>	Horn Signals <input type="checkbox"/>	<b>Cones</b>
(PASS) Pull, Aim, Squeeze, Sweep <input type="checkbox"/>	1 Honk- tower man needs ground hands attention (crusher only) <input type="checkbox"/>	Falling Debris <input type="checkbox"/>
Check tags and gauge Biweekly <input type="checkbox"/>	2 Honks- warning for starting a piece of equipment <input type="checkbox"/>	Skid steer area only <input type="checkbox"/>
<b>Lockouts</b>	3 Honks-starting crusher head count or radio communication stay clear of crusher <input type="checkbox"/>	Shovel only when plant down <input type="checkbox"/>
Lock out Procedure <input type="checkbox"/>	Right of way in pit <input type="checkbox"/>	Noises (from belts or cone itself) <input type="checkbox"/>
Location of Lockouts <input type="checkbox"/>	Loader <input type="checkbox"/>	Maintenance (what to look for) <input type="checkbox"/>

		<b>Jaws</b>
		Skid steer area only <input type="checkbox"/>

**Are you familiar with?** ✓

Shovel only when plant down

Noises( from belts or deck itself)

Maintenance (what to look for)

Falling Debris

---

I have received this orientation and I am aware of the major hazards at my jobsite. I recognize that identifying hazards is a continual and ongoing process. I will undertake to work safely and follow the Safety Program and all applicable Provincial legislation.
